
We're making it easier...
to get your prescriptions!

You now have a new way to get your prescriptions! DSHS Medical Assistance has teamed with Medco Health to offer prescriptions by mail. You can go to a pharmacy for prescriptions or refills... or you can have them mailed to you! It's your choice.

Just as there is no charge for your prescriptions, there is no charge for this new service!

If you are interested and want to know more, talk with your doctor. Your doctor will help you decide what is best for you.
